

# CAREER TALKS SERIES

## Dr. Nicola Dynes

Platform Product Manager  
(SOPHiA GENETICS, Switzerland)

### "A sneak peek into the life of a software Product Owner"

I will talk about being a Product Owner and the story of my own transition from academia to industry, but most importantly, I will be joining to address your questions and discuss. I will try to provide useful advice from my own experience as a former PhD and postdoc in Biochemistry & Molecular Biology, then Project Manager for Clinical Trial software, then as a Product Owner at a growing healthcare data company.

**Tuesday, 30 May 2023 at 17:30**

The event will take place online. Please register [here](#).

All are welcome to attend
